

THE SUCCESS OF YOUR CLEANING PROGRAMME STARTS WITH YOU!

What's the best way to ensure success? Here's some good advice.

WHAT ARE THE TOP 5 PRIORITIES WHEN CLEANING YOUR FACILITY?

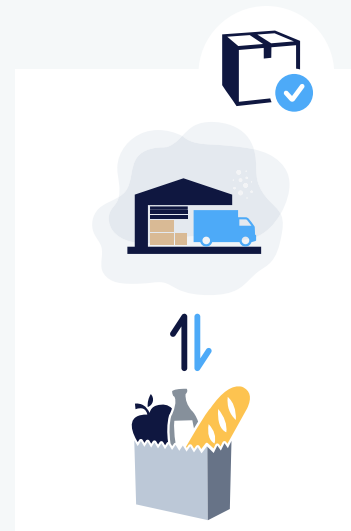

#1 Keep your people safe

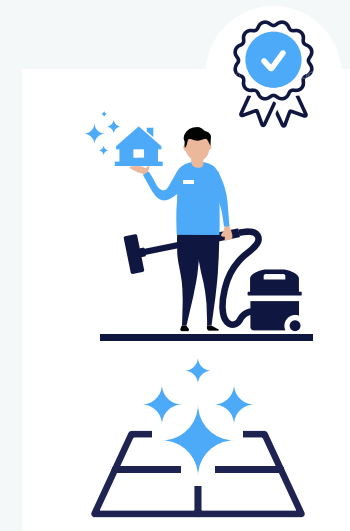

#2 Help them stay productive

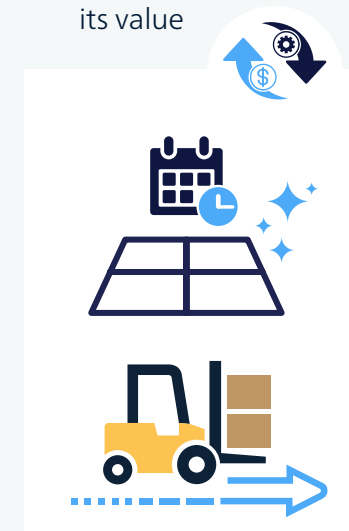

#3 Protect your products

#4 Make a great impression

#5 Lower your building's costs and maximise its value

WHAT'S THE BEST WAY TO USE YOUR EQUIPMENT?

SCRUBBER DRYERS

- ✗ DON'T go too fast
- ✓ DO use a chemical-portioning system
- ✗ DON'T be afraid to double-scrub
- ✓ DO use cylindrical scrubbing when needed
- ✗ DON'T forget about diamond pads

INDUSTRIAL VACUUMS

- ✓ DO comply with regulations
- ✗ DON'T let your filters stay dirty
- ✓ DO pay attention to the motor tone
- ✗ DON'T settle for single-stage filtration
- ✓ DO maximize daily productivity

SWEEPERS

- ✓ DO shake your filters regularly
- ✗ DON'T forget to vacuum your filters regularly
- ✓ DO readjust the brushes after use
- ✗ DON'T sweep up rain or other liquids
- ✓ DO keep the batteries charged and in good shape

👍 ... and remember to schedule regular maintenance check-ups and service 👍
