

CC-60

Electric Powered Heavy Duty
Cold-Water High-Pressure Cleaner

Designed for long hours heavy duty industrial environment.
Suitable for daily general washing.

- Low Speed Heavy duty Pump & Motor
- Class F electrical motor with overload relay
- Non-corrosive materials used in pump
- 3 fully ceramic piston
- Built in auto starts-stop
- Powdered coated Heavy Duty Metal cage

Technical Data	CC-60
Pressure (Bar)	170
Flow (LPM)	6
Power Consumption (W)	2400
Power Supply (V)	220 – 240V/ 1Ph 50Hz
Motor RPM	1400
Length X Width X Height (mm)	950X915X570
Net Weight (kg)	65
Standard equipment	
Electrical Cable length (m)	30
High Pressure Hose (m)	30
Braided water inlet hose (m)	30
