OPTIONAL FEATURES			
Floor stand		•	•
Remote Control		•	•

Features

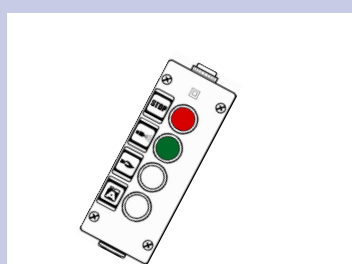

Robust hand built machine with three piston crank pump and 4 pole motor, stove enamelled cabinet and stainless steel cover.

Accessories (please contact us for more details)

Floor Stand

The machine can be easily mounted on the floor stand to situate the machine at a convenient working height.

Remote Control

Enables the machine to be operated from a distance. Functions can be created to individual customer requirements.

Hose Reel

Enables the efficient storage of hoses without kinking and prevents damage. Available in stainless steel, powder coated, retractable and manual versions

Quick Release Gun

Designed to offer comfort in cleaning, with a low level of activation and holding forces, plus the design fits to hand shape. Additionally the quick release couplings enable the quick change of lances and accessories.
