

Food Manufacturing

Specialized Cleaning Solutions for Every Aspect of Clean

All you need for cleaner, safer more efficient food production

Proven Solutions for a Cleaner Facility

Compliance and Maintenance

The Nilfisk family of cleaning equipment will keep your facility running at top performance to help ensure that your manufacturing processes are protected from harmful bacteria, allergens and insects, all while keeping employee health and safety top of mind.

Our line of high pressure washers, industrial vacuum cleaners and floor cleaning equipment ensure your compliance with OSHA and FDA practices, helping to limit your concerns around cross-contamination in production lines, food recalls and more.

- » Combustible Dust National Emphasis Program (NEP)
- » Food Safety Modernization Act (FSMA)
- » Current Good Manufacturing Practices (CGMPs)
- » Hazard Analysis & Critical Control Points (HACCP)

- Tanks and silos
- Loading docks

Supporting Areas

- Laboratories and clean rooms
- Office and communal spaces
- Bathrooms
- Parking lots
- Building exterior
- Delivery trucks and transportation equipment

Complete Line of Food Cleaning Equipment

High Pressure Washers

Mobile and stationary pressure washers efficiently sanitize processing equipment and work areas to slow down or eliminate the proliferation of microorganisms that may compromise hygiene and the quality of products.

Features:

- Meet unique application needs with range of hot and cold water models and accessories
- Increase cost savings with EcoPower high efficiency boiler
- Reduce maintenance costs with stainless steel construction and components
- Easy maneuverability with large wheels and lightweight design

Industrial Vacuum Solutions

Portable industrial vacuums, central vacuum systems and pneumatic conveyors provide general-to-detailed cleaning and dust control in manufacturing processes.

Features:

- Comply with regulatory guidelines for combustible dust with NRTL-certified models and anti-static accessories
- Protect product integrity by containing pathogens and allergens with certified HEPA filters
- Reduce cross-contamination with color coded accessories
- Easily integrate with process equipment with range of configurations

Floor Care Cleaning Equipment

Sweepers, scrubbers and combination machines increase the overall health and safety through floor cleaning practices that minimize slip-and-fall accidents.

Features:

- Increase cleaning efficiency with adjustable down pressure for heavy duty tasks
- Minimize environmental impact by using less water and fewer chemicals with the EcoFlex™ onboard detergent dispensing system
- Improve operator safety with Clear-View™ sightline design

Nilfisk is a leading global provider of professional cleaning products and services.

The company was founded on a vision of producing and selling products of the highest quality worldwide and for more than a hundred years, Nilfisk has adapted to the changing needs of markets and customers with innovative products and solutions.

With a global sales force and proven sales channels, we have established strong and valuable customer relations and partnerships across the world and we strive to be at the forefront of technological advancement to drive future customer needs.

Today, Nilfisk offers an extensive range of premium cleaning products and a trusted aftermarket offering to the professional market.

Our main product lines are floorcare equipment, vacuum cleaners and high pressure washers and a wide range of domestic vacuum cleaners and high pressure washers to consumers worldwide.
