

SETTING SAIL WITH SUPERIOR CLEANLINESS

Explore DEN-SIN Marine Solutions by Nilfisk

ULTIMATE WATER JETTING SOLUTION

NILFISK

SETTING SAIL FOR SUSTAINABILITY

Nilfisk solutions revolutionize marine cleaning

Nilfisk offers a range of cleaning solutions that are suitable for marine environments. These solutions may include high-pressure washers, vacuum cleaners, scrubber dryers, and other specialized cleaning equipment designed to meet the unique challenges of marine settings.

In the marine industry, cleanliness and maintenance are crucial for both operational efficiency and compliance with environmental regulations. Nilfisk's marine-specific solutions are likely designed to handle the tough conditions found in shipyards, vessels, and other maritime settings.

Marine application areas

Here are some specific application areas where Nilfisk products may be used:

Ship Decks: High-pressure washers, scrubber dryers, and sweepers for cleaning and maintaining ship decks. These machines can remove salt, dirt, and other debris efficiently.

Engine Rooms: Industrial vacuum cleaners designed to handle heavy-duty cleaning in engine rooms, removing dust, oil, and other contaminants from machinery and surfaces.

Cargo Holds: Vacuum cleaners and sweepers for cleaning cargo holds, ensuring a clean and safe environment for the storage and transport of goods.

Port Facilities: Ride-on or walk-behind sweepers for keeping port areas clean and free of debris. This includes cleaning of loading docks, storage areas, and other infrastructure.

Oil Rigs and Offshore Platforms: ATEX-certified cleaning equipment for use in potentially explosive atmospheres, ensuring safety during cleaning operations on oil rigs and offshore platforms.

Tank Cleaning: Specialized equipment for cleaning tanks on ships, including chemical tankers, oil tankers, and other vessels that transport liquids.

Maritime Facilities: Various cleaning solutions for maintaining cleanliness in maritime facilities such as warehouses, maintenance areas, and administrative buildings.

Nilfisk's range of cleaning equipment is designed to meet the diverse needs of the marine industry, promoting efficiency, safety, and environmental responsibility.

BLAST AWAY MARINE GRIME

Nilfisk DEN-SIN high-pressure washers

C 250E

IMPA 590870

- Low speed motor / pump unit
- Non corrosive materials in pump, fittings & pipes
- Long life seals, Stainless steel valves
- Rugged, powdered coated frame
- Stainless steel top cover, Wheels with brakes
- Built-in-chemical injector & chemical tank
- Built-in auto start-stop with timer

C 110/170/200E

IMPA 590852, IMPA 590853, IMPA 590854, IMPA 590855, IMPA 590856

Tough and efficient – for heavy duty applications requiring high water flow.

- Low speed motor / pump unit
- Non corrosive materials in pump, fittings & pipes
- 3 fully ceramic pistons & Long life seals
- Stainless steel valves
- Class F motor will overload relay
- Easy access for service and maintenance
- High durability from low speed motor/pump unit

C 200AIR

IMPA 590851

- Low speed motor / pump unit
- Non corrosive materials in pump, fittings & pipes
- 3 fully ceramic pistons
- Long life seals, Stainless steel valves
- Built-in By-Pass/Safety Valve
- Inlet/outlet quick couplings, Spark free Air motor
- Built-in Air filter, regulator, lubricator & Silencer
- Easy access for service and maintenance
- High durability from low speed motor/pump unit

MC 9P

IMPA 590858, IMPA 590859

From ship corridors to cargo containers, the MC 9P very high pressure washer is uniquely designed for cleaning in narrow spaces and construction sites with great efficiency.

- Powerful high-pressure water application, ranging from 350 to 500 bars for cleanup of tough jobs
- Two-sided interface setup, for fast and easy overview of machine operation
- A protected water inlet, placed in a high position for easy hose mounting and dismounting
- Anti-corrosive steel frame design for reduced wear and tear in harsh marine conditions
- Large four-wheel setup for easy rollover across obstacles and moorings

MC 10P

IMPA 590871, IMPA 590872, IMPA 590874

Knock paint and rust off ships preparing surfaces for repair or blast through solid materials with the MC 10P VHP (very high pressure washer)

- Powerful high-pressure water application, ranging from 500 to 1100 bars for cleanup of tough jobs
- Two-sided interface setup, for fast and easy overview of machine operation
- Large, four-wheel setup, making it easy to rollover obstacles and moorings
- Color-coded touch points for improved safety and more intuitive operation
- Tilting and turning capability give users more mobility on both smooth and rough surfaces

FROM DECKS TO CABINS

Nilfisk Marine vacuum cleaners and carpet extractors set the standard

Nilfisk marine vacuum cleaners and carpet cleaners are engineered to tackle the toughest challenges of marine environments.

With robust construction and powerful suction capabilities, they effortlessly remove salt residue, sand, and debris from both hard floors and carpets onboard. Trust Nilfisk to keep your vessel immaculately clean, ensuring a pristine and hygienic environment for all aboard.

VP300

General cleaning for every day requirements

- Low sound level creates less disturbance and enables daytime cleaning
- Weighs just 5.2 kg (machine only) for easy portability
- Superbly designed for simplicity and effective cleaning at an economic price
- 10 liter container with 8 liter dust bag net filling – best in class filling capacity

GD5 back pack vacuum

Vacuum that requires no electrical connection

- Maximum freedom and mobility thanks to the cordless and ergonomic backpack design
- High productivity with up to 60 minutes of runtime on a fully charged 36V Lithium battery
- Safer cleaning environment for guests, visitors and the operator with no cord to trip over
- Optimal performance with boost function adds suction power for heavy duty cleaning

CEX 410 carpet extractor

The silent carpet cleaner

- Low sound level enabling daytime cleaning
- Easy to maintain and service, with no tools needed
- Manual upholstery or floor tool accessories available
- Foot operated parking stand for brush protection

LSU275 wet & dry vacuum

Vacuum with high suction

- Easy to use and service
- Optimal suction power
- Robust chassis
- Large rear wheels and rotating front wheels
- Cable storage & Accessory storage
- For wet or dry vacuum application

Aero 21 wet & dry vacuum

Compact Safety Vacuum Cleaner

- The industry's first compact safety vacuum cleaner that helps you work safely and can be moved around your workshop with ease
- Upgraded with the latest technology including state-of-art air velocity measurement system and a double sealed filter enabling high performance
- of your vacuum cleaner
- Smart operation via Bluetooth remote control enables easier ON/OFF functionality, auto detection of power tools, alarm notification, and more convenient operation

TIDY DECKS, SMOOTH SAILING

Nilfisk Marine Sweepers and Scrubbers Lead the Way

Introducing Nilfisk's advanced line of sweepers and scrubbers meticulously designed for marine environments. These robust machines are engineered to effortlessly tackle the unique challenges of maintaining cleanliness on board vessels of all sizes.

Our sweepers swiftly clear away debris, ensuring safe and clutter-free decks, while our scrubbers efficiently remove stubborn stains, leaving surfaces gleaming and ready for the rigors of maritime life. With ergonomic designs and powerful performance, Nilfisk's sweepers and scrubbers provide unparalleled reliability, ensuring smooth sailing and pristine cleanliness for every voyage.

SC430

Walk Behind Scrubber Simple & user friendly scrubber

- Easy to use with one touch button that activate all scrubbing functions
- Excellent water pick-up
- Integrated solution tank and recovery tank for high capacity
- Compatible with all Nilfisk accessories

SC351

Walk Behind Scrubber Next gen scrubber for small area scrubbing & drying

- Low noise level for daytime cleaning, even in noise-sensitive areas
- Easy adjustable deck for a perfect traction control
- Adjustable water flow
- Fast and simple maintenance
- Clear recovery lid for easy inspection and function control
- Ergonomic, adjustable and foldable handle for easy transport and storage
- Extremely compact
- Roller bumpers for near to wall cleaning

SR1601

Ride On Sweeper Technical advanced sweeper reducing your cleaning cost

- Excellent machine manoeuvrability thanks to the power steering (STD)
- Nilfisk DustGuard™ system completely controls airborne dust to reduce cleaning time
- Free floating main broom and fine tuning knob adjustment increases productivity and performance
- MaxAccess™ system provides fast and easy access to facilitate servicing
- The strong yet lightweight rotomoulded polyethylene covers and bumpers over a steel chassis provide automobile industry quality protection
